

## Training Program “Basics of Small Scale LNG”

### Who should attend

Managers, engineers, planners, business development professionals, financial analysts, legal professionals and government regulators involved in CGDs, retail LNG or Small Scale LNG projects. Participants who work with LNG projects, including equipment and service providers, shipping companies, insurance companies and consultants can gain insights into the emerging field of SSLNG. This course will be beneficial to technical/commercial graduates, with a minimum of 3 years’ relevant experience, who are interested in learning about the SSLNG industry.

### Learning Objectives

After completion of the course, the participants will be able to:

- ❖ List and enumerate enablers and drivers for SSLNG
- ❖ Get an overview of global developments, structures and trends in SSLNG field.
- ❖ Describe the economic, operational and safety aspects of LNG transport by trucks
- ❖ Identify economic, regulatory and operational drivers for LNG as bunkering fuel for marine transport
- ❖ List economic, regulatory and technical enablers and drivers for LNG as fuel for transport purpose
- ❖ Describe the factors affecting proliferation of LCNG and satellite LNG hubs

## Program Director

**Mr. Rajiv Sikka**  
**CEO, IndianOil-Adani Gas Pvt. Ltd.**

Mr. Rajiv Sikka is currently CEO of IndianOil Adani Gas Pvt. limited.

In a professional career of more than 3 decades, he has worked across multiple regions of India with Bharat Petroleum Corporation Limited.

He is a result oriented & experienced senior leader in the oil & gas space skilled in B2B & B2C sales & marketing, business strategy, business planning, team building & operations.

He has overseen as well as executed sales and marketing activities to deliver an enormous increase in the sales of oil, gas as well as lubricant products. He has worked in Indraprastha Gas Ltd. (JV between BPCL & GAIL) as Director (Commercial) for more than a year in 18-19 and was responsible for its overall P&L, policies, procedures, team building, marketing & business development, business strategy, Operations & Maintenance, legal and company affairs etc. Prior to this, he was a Director Commercial of Central UP Gas Limited.

He has proved his mettle as a strategist with ability in accelerating growth and generating customer loyalty levels.

He has done B-Tech in Civil Engineering from HBTI, Kanpur and holds a Masters degree (Urban & Regional Planning) from School of Planning and Architecture, Delhi.

He is mentor to CXO level team members of few startups in India. He mentors IIT Kanpur early to mid-stage startups. Apart from that, he has also judged multiple startup competitions, Elevator Pitch competitions, E-Summit competitions as well share his domain knowledge on Startup's at leading organisations in India including IIT Kanpur, MNNIT Allahabad, DTU Delhi , IIM Lucknow , IIM Kashipur , AIMA DELHI , HBTU Kanpur etc.

Some of his salient achievements at Bharat Petroleum Corporation Limited are:

- ✚ Conferred with multiple All India Level awards from BPCL
- ✚ 1st Position, BPCL Annual Idea Awards for Innovative Creations - 3 times since '2002 – '2017
